Class Emails

While teachers are keen to speak to parents and keep communication channels open, we must stress that they have to maintain a suitable work life balance. Staff will respond as and when they are able to; as you can appreciate, the school day can be very busy. In addition, staff will not be expected to respond to any emails that are sent outside of the working day or over the weekend.

Any absence notifications or absence requests should be sent to the school office.

You can contact your child's class teacher(s) using the relevant email address below:
